OLD ENGLAND.

By ARGUS CENTOCULI, *Inſpector-General of* Great-Britain.

SATURDAY, OCTOBER 1, 1748. [N°. 230.]

Come, Miniſterial Hirelings, peerleſs Pair!
Who've in the Weekly Wages *equal Share;*
Come, from theſe Lines ſome Innuendo *raiſe,*
In me is Libel what in you is Praiſe.

BALSAC, in his *Ariſtippus*, ſays of bad Miniſters, that they adviſe themſelves rather than counſel their *Maſter*, and anſwer his Sentiments not his Demands. Their Advice iſſues all from the inferior Part; they are all terreſtrial and material: Intereſt always carries it with them beyond Honour and Reaſon. Being ſenſible of no Temptation more powerful in their Souls than that of Gain, they ground their Opinion on the ſame Baſeneſs and on the ſame Conſiderations as Farmers, or rather Pawnbrokers, would, were they placed in the ſame Stations. *Thus an avaricious* BRONSO *bargains for a yearly Salary of* 8000 *l. to execute the Office of a Paymaſter.*

Let the Ship which carries them periſh if it will, and let the Public run the Hazard; they eaſily comfort themſelves for the Shipwreck of the State, ſo as there be but a Skiff in which they may gain the Shore, and ſecure their own Family. *They will make a general* RESIGNATION *of their Places in the Midſt of a Rebellion; ſo as either to facilitate their Peace with the Uſurper, or to diſtreſs their* MASTER *to perpetnate them in their Stations.*

Yet one cannot abſolutely ſay, they have ill Deſigns againſt the State, and deſire it's Ruin; no, they reſerve only to themſelves their firſt and moſt tender Affections: Bating their own particular Intereſts, I believe their *Maſter* would be very dear to them; but the Miſchief is, that they are never abſent from thoſe particular Views no more than from themſelves. They find their Intereſt wherever they caſt their Eyes: Their particular Emolument preſents itſef every where. *Divide the Sceptre between the* Two Brothers; *you may be aſſured of their Attachment to the Prince for the Time being: They will promote the War they decried, or clap up a* Peace *upon any Terms, ſo they do but govern.*

They cannot ſeparate themſelves from Buſineſs to look on it with proper Attention and Judgment. They cannot extract out of their Souls pure and ſimple Reaſon, without adulterating it with their Paſſions; ſo that, tho' they may diſcover a CONSPIRACY *or* REBELLION *in Embrio, they are afraid to ſuppreſs it too readily, for fear it ſhould not anſwer their Purpoſe.*

They have not Courage enough to utter a bold Truth, if it be any ways dangerous in reſpect of the Eſtabliſhment of their own private Fortunes, however important it might be to the Service of their *Maſter* and their Country. Very ſtrange! they would rather accept of Servitude under the Title of PEACE, than reſolve on a Defence to be effected by the Arms and the Blood of other Men. *Rather than totally cruſh the Enemy with an Army of* Scythian *Auxiliaries, they will ſtrengthen him with a* PEACE, *and ſend their Friends back with Diſgrace, to the Place from whence their Prayers and public Treaſure brought them.*

We may obſerve ſome People lie by, as it were, expecting ill Fortune 'till it actually arrives, that they may be aſtoniſhed at it, *and wonder at the terrible Succeſs of that Rebellion they were ſo frequently warned of, and might have cruſhed in Embrio.* They have a bold Spirit, but a timorous Soul, and will ſpeak high, when there are Time and Space enough between them and Danger, or *ſoon after an Inſurrection is providentially ſuppreſs'd; and becauſe they had no Share in the happy Event, they will deſpiſe the People, who, by Hazard of their Lives and Fortunes, effected it.*

If by Chance they ſhould meditate any Good to their Country, they admit of ſo many Obſtacles in their Way, that they are ever meeting with ſomething or other to interrupt their generous Fits. They deſpair before they have any Colour of Reaſon even to be afraid. Great Motives! ſtrong Conſiderations! very important Cauſes! occur, to prevent the Performance of their Duty; *inſomuch, that a private Job of tranſfering the Right of Poſſeſſion from one Borough to another, to gratify the Pride and pertinacious Demand of* Nepotiſm, *engroſſed all their Attention and Counſels, while the more important Affairs of the Nation lay neglected upon their Hands*

Becauſe there is no other Maxim in Policy, which is not combated by another as certain and as probable, and that the Future hath as many Faces and Forms as our Imagination can fancy, they turn it about to look only on that Side which terrifies them, and ſo with Reaſon defend themſelves againſt Reaſon. They always conſider that the Actions of Men are expoſed to many Inconveniences, but never conſider that all the Ill which *may* happen, happens not. They are ever taking Things at the worſt, and preſuppoſing as certain all doubtful Accidents: They regulate their Deliberations, as if they neceſſarily were all to happen. *Thus ſometimes a Nation, famed for it's naval Force, may be bullied by an inland Prince, poſſeſſed of only two or three Skiffs and a Creek, to which he gives the Name of Ships and Harbour, to reſpect his ridiculous Clout, which he calls his* Flag, *at the Head of his terrible Main maſt.*

They ſeldom dive deep into Buſineſs, and therefore can't bring it to the laſt Point: They content themſelves with a light Mediocrity of Succeſs, and the Beginnings of good Hap. *A naval Victory or two, perhaps acquired more by the Abilities of their Officers, than by their Counſels.* They dare not promiſe themſelves the Continuation of them to the End, in the leaſt Particular; ſo that with this their cold and heavy Wiſdom, they may defer the Fall but they cannot eſcape it: They buttreſs up the Ruins, which they are able to relevate. They gain at moſt but a few Days and Weeks, and keep their Affairs lagging in Hand, 'till ſome who are more bold and capable operate on them more efficaciouſly. *That it may ſoon happen ſo, is the fervent Wiſh of every true Lover of his Country.*

Ariſtotle obſerves, That as the Vivacity of the Mind of *Alcibiades* became extravagant towards his Children, the Solidity of *Phocion*'s changed into Matter of Weight, when it deſcended from him to his Race. But let us ſay more than *Ariſtotle:* That the Wiſdom of theſe Miniſters is not ſo long a Time in degenerating into Weakneſs, into Languor, and into Cowardice. Before it paſs thus corrupted to their Children, and to their Poſterity, it ſpoils itſelf from it's very firſt iſſuing out of the Soul, and before ever it comes to Action. It appears weak in their Propoſitions and in their Counſels, which can be called neither prudent nor wiſe, without ſpeaking improperly, without injuring Characters truly great, without Offence to true Wiſdom. What an Error is it, as if Wiſdom could be never courageous? That it muſt always fear, and always tremble?—Theſe new Men have taken Pains to ſhew us, *That it is not the wiſe Man that always fears, and that there are Characters quite oppoſite much more liable to Impreſſions of that kind.*

They have ſurely read *Ariſtotle*, or at leaſt have heard of him, who ſays, that "A Man muſt call Danger to the Relief of Danger." How deplorable the Condition of thoſe are, who cannot reſolve; they would rather ſuffer than prevent public Misfortunes. Inſtead of obeying the Philoſopher's Oracle, and attempting a ſecond Danger, they accuſtom and make themſelves familiar with the firſt. Inſtead of endeavouring to withdraw themſelves from the evil Courſe they are fallen into, they ſeek a ſupportable Poſture to abide in. They are engaged in Evil ſo, as the Evil preſſeth them not, and ſo as they recoil to the laſt Extremity. It is ſufficient for them that Death be remitted to another Time, and that they, in the Interim, can enjoy only the Intervals of an ill Life. *The Day of Account is moſt terrible to conſcious Minds; therefore they avert it at all Events, and make a Point of periſhing with the State, rather than quit their Power, and ſo be ſubjected to Enquiry and public Cenſure.*

What they do therefore, is not to reign, is not to conquer, is not to triumph; it's only to live, and that too after a ſtrange Manner: It's to ſpend the Time from Morning 'till the Afternoon, and ſo draw on 'till the next Day. Their Government is neither *Peace* nor *War*, nor yet a *Truce*. It's a Reſt of Idleneſs, a kind of dead Sleep, which by Artifice they procure the People, and are neither good nor natural. *They deal wonderfully frequent in quieting Draughts and Palliatives, and make Expedients their Sheet-Anchor.*

Neither is this all; for, to ſupport their Inattention and Want of Experience in conducting a War, they produce a Multitude of Common-Place Praiſes to recommend *Peace* and Repoſe. They employ all the Skill of a Rhetorician, a *Bronſo* or a *Selim*, to exaggerate the Miſeries of War. They forget not the Profanation of Temples, nor the Violation of divine and human Laws, to make their own Cowardice reliſh in their Maſter's Mind, under ſpecious Terms. They deride every enterpriſing Genius; and, if their narrow Counſels do not always prevail over their Maſter's Vigor and good Inclinations, if ſome ſenſible Injury which cannot be diſſembled oblige the State to a public Reſentment, they cannot cenſure the Thing in it's Principle, but decry it in it's Conſequences, and make a glorious Victory not worth the Charge of the War. *'Twas a downright Defeat; 'twas a Flight: It was a foreign Confideration, and the* Horſe *was more the Cauſe of the Battle than the* Lion. *The* Yellow Saſh *diſtinguiſhes the Motive. The Allied Brother-Subjects did not fight, but left the Burden of the Day upon ourſelves.*

Such Miniſters cauſed the End of two great Empires, and loſt *Rome* and *Conſtantinople* by the fatal Fruit of their Counſels. *They have ſhamefully purchaſed* PEACE minded not what would become of Poſterity, ſo as that they might but live as long the State which they governed laſts. Theſe were the Sentiments of the famous *Balſac*, of the Miniſtry, compoſed of a *Coalition* of inſufficient Perſons in his Time.

" Whereas

" Whereas it has been confidently reported, that I, *Simon Pitchfork*, Devil in Ordinary to the Preſs, am now writing the *Whole Life and Converſation, Parentage and Education*, of my learned Kinſman, Squire *Pitt*, Dean, Cocker, *Lawyer* without Law, *Neceſſity* without Invention, *News Writer* without Intelligence, *Puppet* without Humour, and *Bartholomew Fair Lecturer* without Gravity. This is to certify the Public, that it is not I who is engaged in that important Work; and that the Compoſer, whoever he be, muſt be content with half a Dozen Letters, containing a great Variety of curious Anecdotes of his Life, which were lent to my Kinſman Maſters for *Old England*, but rejected as too ſublime and perſonal for the Gravity of our Paper.

SCRIBO FILE'D IT."

LONDON.

We hear that the Parliament will certainly meet for the Diſpatch of Buſineſs about the Middle of November.

Thurſday came on at Guildhall the Election of a Lord Mayor of the City for the enſuing Year, when Sir William Calvert, Knt. Alderman of Portſoken Ward, and one of the Members of Parliament for this City, was choſen; after which he made a handſome Speech from the Huſtings, importing, that no Pains ſhould be wanting on his Side, for diſcharging the Duties of the high Office conferred upon him to the Satisfaction of its Fellow Citizens.

Wedneſday was held a Court of Huſtings at Guildhall, when Edward Ironſide, Eſq; Alderman of Cordwainers Ward and Thomas Rawlinſon, Eſq; Alderman of Bread-ſtreet Ward, were ſworn in Sheriff of this City, and had the Keys of the ſeveral Jails, and Bills of the Priſoners, delivered to them according to annual Cuſtom; after which the new Sheriffs provided an elegant Entertainment, at which were preſent the Right Hon. the Lord Mayor, ſeveral of the Aldermen, and divers other Perſons of Diſtinction.

On Saturday laſt was married at Whitehall Chapel, Ambroſe Dickens, Eſq; to Miſs Abdy, eldeſt Daughter of Sir William Abdy, Bart. a very agreeable young Lady, with fine Accompliſhments, and a Fortune of 10,000 l.

Laſt Week died the Rev. Mr. Balguy, Vicar of North-Allerton in Yorkſhire, and Prebendary of Saliſbury; a Gentleman well known to the learned World, by a Volume of ingenious Tracts, and another of excellent Sermons: His Prebend is in the Gift of the Biſhop of Saliſbury, and his Living in that of the Dean and Chapter of Durham.

On Friday laſt died, at his Seat at Rothamſtead near St. Alban's, James Wittewronge, Eſq; a young Gentleman univerſally eſteemed and beloved, and juſtly lamented by all that knew him. He married the eldeſt Daughter of Sir John Strange, of Layton-Grange in the County of Eſſex, Knt. but leaving no Iſſue, he is ſucceeded in his Eſtate by his only Brother Thomas Wittewronge, Eſq; of Bentleys in the County of Hertford.

Sunday Night died, of a lingering Illneſs at Sudbury, Mr. Matthew Prior, Nephew to the late famous Poet of that Name; a Gentleman well verſed in the Oriental Language, and eminently remarkable for his Piety and facetious Temper.

Laſt Week died at Tunbridge in Kent, Jeremiah Deniſon, Eſq; a Gentleman poſſeſſed of a large Eſtate in Yorkſhire, which he has bequeath'd to an only Daughter, married to Smith Venables, Eſq; of Senefield Grange in Derbyſhire.

Laſt Thurſday died, at Grange in Eſſex, Mrs. Adamſon, a Widow Gentlewoman, Aged 104 Years. She has been married to Five Huſbands, and has left behind her Sixteen Children, and Thirty four Grandchildren. Her Fortune, which conſiſted of 20,000 l. in the Funds, ſhe bequeathed in equal Proportion.

Wedneſday as Mr Lequeſne, his Wife and two Daughters, were coming to Town from Greenwich, the Coach unhappily overturned, and though providentially the Company received no Harm, yet the Coachman was killed on the Spot.

Extract of a Letter from Goſport dated Sept. 25.

" The 18th came on the Election of Mayor for the Corporation of Portſmouth. When William Rickman, Eſq; was choſen.

" Laſt Week Mr. Gally, the Cuſtom houſe Officer, who was taken away in April laſt by a Gang of Smugglers, at Havant in this County, ſeveral of which are now in Newgate, was found buried in the Sand in Bake Foreſt; and the next Day the Body of Mr. Charters, who gave Information of the Gang, was found in a Well in Lady Holt's Park, near Peterſfield, without his Head, and ſeveral large Stones, Logs of Wood, &c. ſuppoſed to have been thrown down upon him. The Body of the former was ſo putrified that he was known only by his Cloaths, &c."

Monday Night one Hawton, a notorious outlawed Smuggler, was brought under a ſtrong Guard, to the New-Jail, Southwark, from Hythe in Kent.

Laſt Saturday an Outlawed Smuggler was brought to Newgate, under a ſtrong Guard of Soldiers.

On Monday Night a Captain in the Navy challenged another Sea Captain to meet in Hyde-Park at Seven o'Clock next Morning, and one of them was there; but the Affair happening when they were in Liquor, the other miſtook the Place, which prevented the Effuſion of Blood.

There is Advice, that the Slaves on board Capt. Burden, of the Amelia, bound for New-England from the Coaſt of Guinea, with Negroes, Gold Duſt, &c. roſe upon the Captain and Crew in their Paſſage, and killed ſeveral of them; ſome by ſwimming ſav'd their Lives; what became of the Veſſel and Negroes there has been no Account ſince.

There is an Account, that the Faulkener Packet Boat, Capt. Jeffries, which ſail'd from Falmouth the 5th of June with the Mails of April and May, bound to the Weſt Indies, was taken the 1ſt of Auguſt, between Barbados and Antigua, by a French Privateer, who carried her into Martinico, where ſhe was ſoon releaſed; but the Captain had the Prudence to throw over-board the Mails during the Engagement.

For ſeveral Days paſt the Town of Edmonton, near Tottenham High Croſs, has been infeſted with two Dogs which were run mad; and in particular, on Thurſday Night laſt one of them bit a Woman, a Hog, a Cow, and ſeveral Sheep, before it was killed.

On Wedneſday ſe'nnight a Warrant was granted by the Right Hon. the Lord Mayor, to apprehend Sam. Davies, at a Houſe the Sign of the Bull and Butcher in Weſt-Smithfield, for uttering to Joſhua Rhodes divers Guineas and Portugal Gold Pieces, which had been diminiſhed by filing, &c. and on ſearching the ſaid Houſe on Thurſday Morning, there were found concealed in a Buroe in the Bed Chamber, Guineas and Portugal Pieces, to a very conſiderable Amount, which have been greatly diminiſhed, Filings of the ſame Coin to the Value of 32 l. and Files and other Inſtruments for carrying on that traiterous Practice. The ſaid Davies and one Mapham, on Sight of the Officer, immediately abſconded, but Ann Welch, who ſays ſhe is Miſtreſs of the ſaid Houſe, being carried before Sir John Barnard at Guildhall, together with the Things abovementioned to be found therein, was by him committed to Wood Street Compter, on ſuſpicion of being concerned with the ſaid Davies. It is imagined that this Davies will ſoon be apprehended, as there is a Reward of 100 l. publiſhed for the taking of any Perſon concerned in Filing of Guineas, over and above any other allowed by Act of Parliament, ſo as ſuch Perſon be convicted of the ſaid Offence.

Thurſday ſe'nnight, about five o'Clock in the Evening Mr. Inot, a Shopkeeper at Brentford, was attacked by a ſingle Highwayman on Hounſlow Heath, who preſented a Piſtol to his Breaſt, and rob'd him of his Watch, and two 36s. Pieces.

The ſame Fellow, a little before ſtopt Mr. Hutchins, a Maſter, and his Wife, in a Chaiſe, and took from them Seven Pounds. He robbed ſeveral Perſons on the Kingſton Road on Friday and Saturday laſt, particularly Mr. Huett, a Farmer, about a Mile from Kingſton, and took from him upwards of Seventy Pounds; and had the Aſſurance to purſue a Gentleman into the Yard of the Fox and Coney near Kingſton Gallows, and after firing a Piſtol to intimidate him, rode off. He is a thin Man, dreſſed in a brown Duffil Coat, and well mounted on a Bay Gelding.

Laſt Week ſeveral Perſons were robbed in the Road to Croydon, and at Smithum Bottom, by five Men, who by all Appearance ſeemed to be Smugglers, (probably ſome of thoſe Outlawed) from one of the Perſons they got upwards of 50 l. which he had received in the Borough of Southwark.

Tueſday Night ſome Rogues, by the Help of a Ladder and a Rope, got over a very high Wall into the Yard of Mr. Overbury, a Wine Merchant in Shoe-Lane, Fleet-ſtreet, broke open his Compting-Houſe, and ſtole out of a Deſk, Cath to the Amount of about 14 Pounds. They attempted to break open an inner Apartment, but without Succeſs. They left behind them a Pair of Shoes, and a Chiſſel. The Rope they made Uſe of, was found Yeſterday Morning in George-Alley, and the Ladder in Fountain-Court.

Laſt Sunday a Perſon was robbed on Hounſlow-Heath, who juſt afterwards meeting a Gentleman and his Servant told them of it, and the Highwayman being in Sight, the Servant deſired his Maſter's Leave to purſue him, which he did, and coming up with him near the Powder Mills, they fired at each other, both miſſing, the Highwayman clapt Spurs to his Horſe, but being followed by the Servant, luckily the Highwayman's Horſe fell, and he was preſently taken by him, and carried to Hounſlow.

Sunday Richard Shaw and Samuel Shorer, two notorious Highwaymen, were committed to New-Priſon by John Pouliſon, Eſq; of Bow-Street, Covent-Garden, after ſeveral Hours Examination, being charged on the Oath of Mr. John Robins and their own Confeſſions, for robbing the ſaid John Robins on the King's Highway, between Wimbley and Sudbury, of ſeven Shillings and two Pence Halfpenny.

Laſt Monday as a Farmer's Servant was returning from London to Bow's Farm, he was unhappily jammed in between one of the Wheels of his Cart, and the Wheel of a Gentleman's Chariot, which broke ſeveral of his Ribs, and one Leg; upon which he was carried to the London Infirmary in Goodman's Fields, but there is ſmall Hopes of his Recovery.

Laſt Sunday a young Gentleman attempting to ſwim near Richmond, was unfortunately drowned in the Sight of ſeveral Perſons, who endeavoured to ſave him, but to no Purpoſe.

Wedneſday in the Afternoon a Boat paſſing thro' one of the Arches of London Bridge, ran foul of a Lighter as was ſunk under it. There were 8 Woman in the Boat, that were going to Hungerford, ſix of whom were drowned, but the other two and the Waterman with Difficulty ſaved.

Soon after another Boat was overſet by the ſame Lighter, in which was a Gentleman and a Waterman, the latter of which was drowned, but the Gentleman ſaved himſelf.

The above melancholy Accident happened at High Water, when the Tide paſſed over the Lighter, ſo as to cover it, but not ſufficient to carry a Boat over it. It is ſaid, that by the Laws of the City, when an Accident happens that any Veſſel is ſunk in an Arch of the Bridge, the Proprietor of the Veſſel is obliged to put up Marks, at Head and Stern, to prevent Accidents: —— But this was notwithſtanding neglected, to the Loſs of no leſs than ſeven Lives.

Thurſday the Bodies of two of the above Women were taken up near Billingſgate.

Extract of a Letter from Aix-la-Chapelle, Sept. 25.

They write from Amberg, that an Artificer of that City has made a Clock which goes only by a Pendulum, and a ſingle Wheel, and this without winding up, ſo long as the Materials will ſubſiſt. The Pendulum is placed in a Box, ſo artificially ſcrewed on that it cannot be taken off without breaking the Machine to pieces. It has already gone two Years, and the Motion is ſaid to be as briſk and as regular as ever. The whole Machine is two Feet and a half high, very beautifully wrought, and the Maker offers to diſpoſe of it for a Hundred Ducats.

GLEETS and SEMINAL WEAKNESSES,

SO deſtructive to the Conſtitution, and ruinous not only to the unhappy Individual labouring under them, by draining away the Radical Subſtance or very Eſſence of Life, and inducing Conſumptions, Nervous Diſorders, &c. but to poſterity alſo, inaſmuch as thoſe afflicted with ſuch Gleetings, if not wholy diſabled, as very many are, from propagating their Species, are yet render'd incapable of begetting any other than puny, miſerable, and ſhort-liv'd Iſſue.

Theſe ſalting Gleetings, occaſion'd by Self-pollutio, exceſſive Venery, ſevere Purging for Venereal Injuries, or by violent Stratas, &c. and which have been deem'd by almoſt all Phyſicians and Surgeons to be ſo very difficult to overcome, are now ſo certainly known to be directly, and in a manner at once perfectly cur'd by the Grand Reſtorative Balſamick Electuary, that none, how bad ſoever, need deſpair of being entirely ſet to Rights by it in a few Days.

It is from this its moſt extraordinary Efficacy, that ſo many Practitioners in Town and Country now ſend for it for their Patients, as finding it to be the only ſure and infallible Remedy that can be ſafely rely'd upon in thoſe Caſes. This Grand Medicine is to be had only by the Author's Appointment, at Mr. Radford's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church Yard in the Strand, London, at 6s. a Pot, ſeal'd up, with a Book of Inſtructions, highly neceſſary to be read by all Perſons whoever were afflicted with any Diſorder of the Seminal Veſſels or neighbouring Parts.

Note, Ask only for a 6s. Pot of Balſamick Electuary.
No Letters anſwer'd unleſs Poſt-paid.

ANTI-SIPHYLICON.

THE only ſhort and moſt infallible CURE in the Univerſe for the *Venereal Diſeaſe* from the ſlighteſt Infection to the moſt extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant *Virus*, and the very Bones are affected with it.

Freſh Infections, call'd Claps, with all their attendant Symptoms, tho' ever ſo ſevere, are entirely carried off by it in a few Days, and to as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks, as one Hand, or a ſeminal Gleet, or Weakneſs, to happen on the other.

And the moſt inveterate Degree of the *French Illneſs*, attended with nocturnal Pains, univerſal Breakings-out, and all other the moſt exſeparated Symptoms, are ſoon overcome by it, and effectually and much more ſafely cured than by Salivation, Inungation, or any other Method whatever, and in ſo eaſy and pleaſant a Manner, without impairing Strength, or occaſioning any Inconvenience, as loudly to beſpeak it the only appoſite Remedy, or true *Venereal Antidote* in the World, and this ſome Thouſands have, to their great Joy, experienced.

It is pleaſant to take, occaſions no Sickneſs or Diſorder, nor requires Confinement, but may be taken, and the Cure be accompliſhed, without the Knowledge of the neareſt Friend.

Thoſe who ſuſpect they have received an Injury may, by only a Doſe or two of it, be perfectly freed from all Apprehenſions; for it ſuffers no lurking Venom to lie hid in the Body, but wholly extirpates it, Root and Branch, in a gentle, eaſy, and effectual Manner.

All ſuch, likewiſe, as doubt they have ſome remaining Relicks of former Injuries, may, by a few Doſes of it, entirely free themſelves from all Suſpicions of that Kind; for it admits of no Foulneſs, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and, on that Account, in all Scorbutick, Scrophulous, and even Leprous Eruptions, or Foulneſſes of the Skin, or glandulous Swellings, and Impurities of the Juices, it does more by one Doſe than any other Medicine, yet known, can by ten.

The Price of this moſt noble *Anti-Siphylicon* is but ſix Shillings a Pot, which, conſidering its extraordinary Efficacy, one Pot only being ſufficient, in moſt Caſes, to accompliſh the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Radford's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church-yard, in the Strand, ready ſealed up, with a Book of Inſtructions, by the Peruſal of which all Perſons who were ever affected with any Degree of the *Venereal Diſeaſe* may perfectly underſtand their own Condition, and certainly know when, and when not, the *Venereal Poiſon* is entirely rooted out of their Bodies. Note, *Ask only for a Six Shilling Pot for the Scurvy. No Letters anſwer'd, unleſs Poſt-paid.*

This Day is publiſh'd,

The SIXTEENTH EDITION *of*

ONANIA: Or, The Heinous Sin of Self-Pollution and all its frightful Conſequences (in both Sexes) conſidered, with Spiritual and Phyſical Advice to thoſe who have already injured themſelves by this abominable Practice.

As alſo the SIXTH EDITION of the SUPPLEMENT to it, both of them Reviſed and Enlarged, and now printed together in One Volume.

And as the ſeveral Paſſages in the former Impreſſions, that have been charged with being obſcure and ambiguous, are in theſe clear'd up and explained, there will be no more Alterations or Additions made to them.

Theſe Editions contain ſome further and ſurpaſſing Inſtances of the Miſchiefs by that filthy, fatal Commerce with one's ſelf, which is ſo notoriouſly practiſed, as well by the Adult as Youth, Women as Men, Married as Single, to the weakning their Generative Faculties, and hindering Procreation, as their Letters of Complaint to the Author herein inſerted, ſhew.

And, amongſt others, a curious Letter from a Lady, with his Anſwer to it, concerning the Uſe and Abuſe of the Marriage-Bed; together with divers Caſuiſtical and other Letters from both Sexes, of ſome ſecret unnatural Effeminacies, neceſſary to be known both by the married and ſingle of each Sex.

To which is added,

A Curious PIECE tranſlated out of the Latin, from I. S. SCHMIEDIER, as it is inſerted in the Acta Lipſienſia, concerning the Return of the Seed into the Maſs of Blood, well worth the Peruſal of Phyſicians, Surgeons, Anatomiſts, and all others of Art and Curioſity.

As alſo Dr QUINCY's Tranſlation of Dr CARR's remarkable Anſwer to a Letter ſent by a Divine, concerning two Nuns in Rome, reported to have changed their Sex.

Likewiſe Dr. DRAKE's and ſeveral other Phyſicians Opinions of Hermaphrodites, and Women brought to a Reſemblance of them, by the Practice of Self-Pollution, as was the caſe of a young Lady of 18, whoſe well-wrote Letter to the Author, deſcribing and lamenting her Condition, is (in order to deter others) inſerted.

A very grave and learned Divine and Phyſician having peruſed this Diſcourſe, before it went to the Preſs, returned it with his Opinion of it in theſe Words:

'This little Book ought to be read by all Sorts of People, 'of both Sexes, of what Age, Degree, Profeſſion, or Condition 'ſoever, guilty or not guilty of the Sin declaimed againſt in it.'

Is now ſold (Mr ISTED, Bookſeller, at the Golden Ball, in Fleetſtreet being dead) by CHARLES CORBETT, Bookſeller, at Addiſon's Head, oppoſite St Dunſtan's Church, Fleetſtreet, and by HENRY COOK under the Royal Exchange. Price Bound 3s. 6d.

N. B. The Medicines mentioned in this Book are ſold as above.

The moſt wonderful cleanſing and ſtrengthning Drops for all Sorts of Gleets, and Seminal Weakneſſes and Imbecilities of the Generative Parts and Faculties, preventing Miſcarriages in Women; and to cleanſe and ſtrengthen the Reins, Kidnies and Bladder, cure weak Backs, Strangeuries, Gravel, and Stoppage of the Urine, and for which it has gained ſuch Repute, that near 20000 Bottles have been ſold ſince April 1734, that they were firſt publiſh'd.

THESE incomparable Drops, which for the aboveſaid Diſorders are not to be equall'd in the whole Art of Medicines were preſcribed by the late Dr Ratcliffe, for a certain noble Lord, who for a long Time had been vex'd with an old Ultimate Gleet and Weakneſs, of which he was cured by them in a few Days, beyond all Expectation, after he had been harraſſ'd with Electuaries, Bolluſſes, Pills, Potions, Injections, and a hundred other Medicines, for many Months together in vain.

The Apothecary who prepared them for him according to the Doctor's Preſcription (which he has ſtill upon his File) has made Uſe of them ever ſince to Numbers of People in the very worſt of Gleets, ſeminal and genital Imbecilities and Infirmities, Pains in the Back and Reins, Diſorders of the Urine and Gravel, &c. with the utmoſt Succeſs and Safety, alſo all Weakneſſes from Strains, as well as Venereal Relicts, exceſſive Coition, Self Pollution, ſeminal Emiſſions in Sleep, Falls, Blows, Wrenches, and the like, in both Sexes.

And as they have never once failed him, even in Caſes thought to be incurable, he now, for general Good, has made them publick: And that the meaner Sort of People might partake of the Benefit of ſo divine a Remedy as well as the Rich, he has put them up in Bottles of but 2s 6d each, tho' for the Excellency of their Effects they are worth their Weight in Gold, more eſpecially as one Bottle of them generally cures, even in the moſt draining Gleets, and grievous Relaxations and Weakneſſes of the Seminals and Genitals, as alſo of the Back and Reins, that are.

Nor can there be prepared, by any Art or Skill, a more cleanſing and healing, or a more ſtrengthening and invigorating Medicine, or one that can more effectually cure Impotency, or promote Fertility, than this, as every one that but once tries it will try by their finding the Difference between this and other Remedies; for it will do more in one Day towards reſtoring to thoſe Weakneſſes than any others can in ten, and is ſo corroborating a Nature that it may be entirely rely'd upon for curing perfectly and ſimply, without Fear of Relapſe, even in the tendereſt Conſtitutions, which can hardly be ſaid of any other Medicines, and it is withal ſo extreamly pleaſant to the Palate, and ſo agreeable to the Stomach that the niceſt Perſon is delighted with it.

Mr. Weſt, Goldſmith, who uſed to ſell theſe Drops being dead, they are now Sold only by his Son in Law Mr Johnſon, a Baker, at the Seven Stars, in Vere-ſtreet, near Clare Market, ſealed up, with Directions, for any Meſſenger upon asking only for a Bottle of Drops, and paying 2s 6d.

To all Gentlemen, Builders, and Others.

For the immediate Cure of BARRENNESS *in* WOMEN *tho' of many Years Continuance, and proceeding from what Cause soever,*

And also of IMPOTENCY *in* MEN, *however occasion'd, or of ever so long Standing,*

The Famous and Inestimable PROLIFICK ELIXIR,

The highest, richest, and most powerful Cordial in Nature, is recommended,

BEING the only true and Infallible Cure for Barrenness in Women, and Impotency in Men in the Universe, and which at once accomplishes without the least Trouble, even after all other Remedies have fail'd, as Thousands have Experienced, and that by promoting the chearful Curricle of the Blood and Juices, raising all the Fluids from their languid depressed State, to one more florid and sparkling, opening all Obstructions, fortifying the Nerves, encreating the Animal Spirits, reflouring a Juvenile Bloom, and evidently replenishing the crispy Fibres of the whole Habit, with a generous Warmth and balmy Moisture, and thereby invigorating it to such a Degree as not to be imagin'd, but by those who have experienced how exceedingly and suddenly it renovates, recruits and powerfully strengthens all the Animal Faculties, and Generative Powers in both Sexes. It enforces a bright lively Complexion banishes Melancholy, and inspires Mirth and Gladness of Heart beyond Expression.

Abundance of Ladies, who for several Years were deem'd incurable Barren, have after twice taking it, conceived and became Fruitful, and great Numbers of Gentlemen, who by fast living or otherwise, had render'd themselves incapable of Procreation, have soon been enabled by it to propagate their Species, insomuch, that very many illustrious Families who for want of Children, were almost inconsolable, are now blest with happy Issue, and are (under Providence) indebted to this Great Medicine for their Heirs.

It refreshes all Disorders of the Stomach, creates an Appetite, procures a good Digestion, and in all Weakness of Body, or Decay of Constitution of any Kind, is a most infallible Restorative, and even seems to keep back the Effects of Old Age it self.

It is to be taken but a few Drops at a Time, has a very fine Flavour, is pleasant to the Palate, Cordial to the Stomach, and can be had only at the Gentlewoman's at the Two Blue Posts in Haydon Yard in the Minories at 5s. a Bottle, with Directions.

Concerning Gleets and Seminal Weaknesses of all Kinds.

ALL judicious *Physicians and Surgeons* allow, *that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio lui, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis or Consumption of the Back, or an Atrophy or Nervous Consumption which frequently terminate in Death itself.*

All such therefore who have the Misfortune to be troubled with Old Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe and speedy Cure, which they must assuredly may, by the taking only a small Quantity of a transcendent Balsamick Restrictive Electuary, now published for a general Good, after having for many Years in private Practice been experienced never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels and Urinary Passages which it almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent Balsamick Restrictive Electuary is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weakness and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels, to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigued with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprized at it.

When a Medicine will infallibly accomplish such a Safe, Speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been try'd in vain; too much cannot be said in Praise of it, and this all who ever took it for any of the above mention'd Purposes, have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Radford's Toyshop at the Rose and Crown against St. Clement's Church Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will be compleat Master of his own Case, and perfectly know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely extirpated or not. Note, Ask only for a 6s. Pot of Balsamick Electuary. No Letters answer'd, unless Post paid.

For the VENEREAL DISEASE.

THE shortest, safe, and regular Cure, this Day in the World, from the slightest Infection to the most inveterate Degree of it, by a Medicine as pleasant to take, and as easy in its Operation as it is effectual in its Cure; so that the unfortunate Patient gets suddenly and surprizingly well, without Distaste to his Palate, the least Disorder of Body, or any Confinement whatever. This is that great Remedy, now so well known and long experienced to be truly infallible, and is the Grand ANTI-SYPHILICON that Radcliffe and Garth used to say would totally extirpate the Venereal Disease from the Face of the Earth, were it but universally known, and properly taken. Fresh Infections, call'd Claps, with all their cruel attendant Symptoms, it presently cures; and if taken in Time, even prevents their taking Place. It is a safe, gentle, and pleasant Family Purge, even for Children as well as grown Persons, in all Cases where Purging is necessary; nor can the deepest Scurvy, Rheumatism, Gout, Evil, or Leprosy, stand before it, but are pleasantly cured and thoroughly extirpated by it, as well as the highest and most inveterate State of the confirmed Venereal Disease; which, with all its most raging Symptoms, it soon eradicates, restoring Health, Strength, and Vigor to the Body. Those who once take it, will never have Recourse to any Thing else.

One Pot in most Cases is sufficient for a Cure, and can only be had at Mr. Radford's Toyshop, at the Rose and Crown against St. Clement's Church Yard in the Strand, at 6s. a Pot, sealed up with a Book of Instructions, in which all Persons may fully understand their own Condition, and certainly know when, and when not, the Venereal Poison is rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.

No Letters answered unless Post paid.

The So-much Fam'd HYPO-DROPS.

WHICH in a few Days infallibly cure *Hypochondriack Melancholy* in Men and the *Vapours* in *Women*, so as never to return again, be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual, and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick by Turns almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick and Uneasiness in the Bowels, which Crudities offend the Nerves and, by Consent of Parts affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, Palpitation of the Heart, Stranglings, Tremblings and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering Pain and Weakness in the Back, and other almost innumerable and grievous Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms and exalted to the highest Degree of Perfection possible) instantly quell and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for three Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star below the Royal Exchange, in Cornhill, at 5s. 6d. a Bottle, with Directions at large.

The only short and infallible Cure for that reigning Disease the SCURVY, *and all Scorbutick Humours, tho' arrived in the highest or most inveterate Degree, or of ever so many Years standing, and that without any sensible Evacuation, or the least Purging, which, by an unaccountable Mistake, is generally advised, altho' always found rather to encrease and confirm the Scurvy than cure it.*

By the so much fam'd and most pleasant Chymical DROPS.

WHICH, without the least Trouble, Confinement, or any Disorder whatever, dont once strike at the true Cause of the Scurvy, and entirely destroy it, and all Scorbutick Humors and Effects, Root and Branch, so as never to return again, as many Thousands of both Sexes have experienced, and as all who take them for Three Days Time are convinced; for they almost instantly alter the morbid State of the Juices, purify the Blood, sweeten all the Fluids, cleanse them from Impurities, and directly clear the whole Habit from all Spots Blotches, black and blue Marks, Itchings, foul Eruptions or Breaking out, Weakness of the Limbs, languid Heaviness of the whole Body wandering Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy imitates and often lies conceal'd under the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good Appetite, causing a regular and easy Digestion of Food, and curing all windy Effects and Disorders of the first Passages, (whence proceed Head-Achs, Vapours, and other Indispositions) no Bitters, nor any other Medicine upon Earth can compare with them, insomuch that besides infallibly curing the Scurvy, in all its Shapes and Appearances they assuredly and directly cure the Green-Sickness in Virgins, Worms, of all Kinds, in Young or Old, and almost all other Chronick Diseases, which are chiefly occasioned by Indigestion and flatulent Crudities in the Stomach and Bowels) and certainly prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen and enen the whole Machine, and as soon as taken, make the Patient pleasantly lightsome, brisk and vigorous to Admiration, and are good for all Sorts of Persons, to preserve as well as to procure a sound and healthful State of Body.

But the great Reputation these so much fam'd and most pleasant Chymical DROPS have so universally gain'd among Persons of Eminence, for their suddenly and infallibly curing the Scurvy and all Scorbutick Humors, and other Chronick Diseases, in such an easy and agreeable Manner, have occasioned many to imitate them, some under the same, and others under other Names; be careful therefore not to be deceived, but be sure to have the Right, which, by the Author's special Appointment, are to be had, only at the Gentlewoman's at the two blue Posts in Haydon Yard in the Minories at 3s. 6d a Bottle, with Directions.

To Persons of either Sex,

Afflicted with any Species of the PALSY, *or other* Nervous Decays.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to these pertinacious Distempers: This occasioned a Physician, who employed his Thoughts much concerning them, to adapt a Medicine, a Sovereign Elixir peculiar to, and effectual for, the Palsy, and all other Nervous Complaints now reigning, which, after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success even so as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only demonstrates its prodigious Efficacy to every one, and the Patients soon finds all Numbness, Deadness, and shaking, or Relolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more, and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard drinking, or any other Cause; for it performs all that can be wished for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle attennuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength; and the Palsy and all Paralitick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Cross Keys and Star below the Royal Exchange in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions at large.
